THOSE WHO ADDED TO  
AN ADVERTISING FUND

Most Have Paid Up and the Others  
Are Asked To.

The following named firms and individuals are those who signed the subscription list for a fund to advertise Tempe and vicinity. About 20 per cent have already paid and those who have not will confer a favor upon the committee by doing so as early as possible. John Hyder has been doing the greater part of the collecting and payment can be made to him.

The list is by no means closed and

any one feeling like adding his share

is requested to do so as soon as possible.

Teething babies always have a hard

time of it when this process occurs in

hot weather. They not only have to

contend with painful gums but the

stomach is disordered, bowels loose and

the body uncomfortable. The best help

you can give the little sufferer is Mc-

GEE'S BABY ELIXIR. It corrects sour

stomach, cools and quiets the bowels

and helps digestion. Price 25c, and 50c

per bottle. Sold by Elvey &amp; Hulett,

quality druggists.

MACHINE CAUGHT FIRE.

D. S. Motheral and son returned

Tuesday from a visit to the Motheral

ranch below Phoenix on the Gila ri-

ver. They had a moment of intense

excitement on the trip when the au-

tomobile caught fire unexpectedly.

Though ordinarily any where between

here and the ranch there is plenty of

dust, this incident occurred just where

there was no dust and the fire burned

brightly until a canteen could be

opened. The machine was little dam-

aged and the accident did not inter-

fere with the continuance of the trip.

A regular morning operation of the

bowels puts you in fine shape for the

day's work. If you miss it you feel un-

comfortable and cannot put vim into

your movements. For all bowel irregu-

larities HERBINE is the remedy. It

purifies, strengthens and regulates.

Price 50c. Sold by Elvey &amp; Hulett,

quality druggists.

SCHOOL YEAR'S WORK  
MOST GRATIFYING

That of Many Years in Several Dif-

ferent Respects.

In checking up the work of the school year just past, President Matthews has come across a number of little things that are most gratifying to him and should at the same time please every one connected with the institution.

One of these little matters is that the quality of the work done the past year seems to be better than ever before. It has already been mentioned that fifteen members of the graduating class this year made average grades that were as good as the two previous years. It is said, too, that the work in the other classes compared as favorably as did that in the senior class.

President Matthews finds, too, in checking up that the average daily attendance, based on the enrollment, is this year greater than it has ever been before. That is, the percentage of attendance is higher. The general health, too, of the students has been better this past year. In the two dormitories it has been far better than past years, and there has hardly been a case of sickness in either. What few cases of indisposition there were came right after Christmas and could nearly all be traced to an excess of home cooking incident to the visit home during the holidays. Taken as a whole, the year was a most satisfactory one in every respect at the normal.

If you have the itch, don't scratch it. Does not cure the trouble and makes the skin bleed. Apply BALLARD'S SNOW LINIMENT. Rub it in gently on the affected parts. It relieves itching instantly and a few applications removes the cause thus performing a permanent cure. Price 25c, 50c and \$1.00 per bottle. Sold by Elvey & Hulett, quality druggists.

## AN ANNUAL JOURNEY.

The Mullen party is getting ready for its annual journey to Mormon Lake. The party this year will consist of Uncle J. B. Mullen, C. M. Mullen and family, C. P. Mullen and family, possibly J. O. Mullen and others. C. P. Mullen will make the trip and after getting his family settled for the summer, will return to take care of business interests here.

A bilious, half-sick feeling, loss of energy, and constipated bowels can be relieved with surprising promptness by using HERBINE. The first dose brings improvement, a few doses put the system in fine, vigorous condition. Price 50c. Sold by Elvey & Hulett, quality druggists.

## ARE PLEASED.

Territorial Engineer Grand and Robert Craig of the board of control were visitors here yesterday morning looking over the work on the new bridge. They expressed themselves as being well pleased with things as far as they have gone. The right of way of the bridge has now been entirely cleared a brush and the engineers are doing a little preliminary surveying on the north end where the new wagon road is to be. The convicts are engaged in building an adobe house just outside of the stockade to be used as an office and residence by Captain Van Sichen and are also getting the machinery in shape. The pile driver is about ready for business and as soon as more material arrives work on the first pier will be started.

There is one medicine that every family should be provided with and especially during the summer months, viz, Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by all dealers.

## MESA

## COMMERCIAL CLUB

## HOLD A MEETING

Standing Committees Announced by the President.

There was a well-attended meeting of the Mesa Commercial club at the new club rooms Tuesday night, and much interest was taken in the proceedings.

The house and building committees, now merged in one committee, reported progress, and was continued with the admonition that active work would be required of the members.

A motion was made by J. F. Kelly that the piano be dispensed with and a talking machine be purchased for the entertainment of members during non-business hours. The motion failed by a vote of 18 to 4.

An amendment to the by-laws was agreed to which prohibits the use of alcoholic drinks in the club room. The rules were suspended temporarily to permit A. F. Morris, editor of the Free Press, to be admitted a membership without the formality of the usual red tape.

The advertising committee was instructed to formulate plans for advertising the south side and report at the next meeting.

Secretary Bartholomew was instructed to prepare a telegram and send it at once to Hon. William Alden Smith, chairman of the committee on territories, urging early action on the adoption of the statehood bill.

The president then announced the

appointment of the following standing committees:

Advertising—George S. Irwin, J. B. Lowell, Jr., H. L. Chandler.

Legislation—W. K. Bowen, L. W. Stilwell, C. S. Stewart.

Railroads—Phil Metz, G. W. Silverthorn, J. T. Lesueur.

Parks and Streets—Dan Mahoney, M. R. Bowen, O. S. Stapley.

Finances—J. G. Spangler, I. C. Harris, J. W. Alexander.

Memberships—J. E. Drane, Jr., J. L. Waring, M. L. Gibbons.

Entertainment—E. W. Hanna, H. D. Evans, Robert Scott.

Exhibits—J. F. Kelly, Burt Wingar, E. W. Wilbur.

Resources and Opportunities—P. E. Fuller, W. W. Carney, John H. Barnett.

Building and House—R. F. Palmer, Max Vialt, W. F. Drew.

The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. For sale by all dealers.

## MESA TRUCK GROWERS TO MEET.

A meeting of the truck growers of Mesa is called to be held at the town hall on Saturday of this week at 10 a. m. The object of this meeting is to form an association of the men who grow vegetables for the market. It is hoped that by forming a combination, arrangements can be made for shipping garden truck in carloads, direct thus saving the big commission exacted by the local commission firms. Some of the leading truck growers are at the head of the movement and it looks as though the men who produce would be able to get together for mutual protection and profit.

## A NEW SCHOOL DISTRICT.

A movement is now under way for the formation of a new school district which will embrace the Chandler properties located south of Mesa. A school house is to be erected and furnished for the use of the children residing in that vicinity.

It is worse than useless to take any medicines internally for muscular or chronic rheumatism. All that is needed is a free application of Chamberlain's Liniment. For sale by all dealers.

## CEMENT MILL NEWS.

The directors of the Arizona Portland Cement company are out with an announcement that work is to be commenced at once upon the erection of the mill. The machinery has been on the ground for several months, and a corrugated iron house for the storage of cement, to be used in building, is now being constructed. A hope is expressed that the mill will be completed within ninety days, but this is hardly probable. Much of the stock is held by Mesa and Phoenix parties, and Judge C. W. Crouse of the White River Indian agency, Arizona, is the president and also a large stockholder.

Whooping cough is not dangerous when the cough is kept loose and expectoration easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by all dealers.
